"HIBISCUS"

Oh lovely flower, long stamened bell,
With petals hinting mystery,
Abide with us; we then may tell
Of choosing you our city flower,
In history.

Laura W. Dunlap

Hibiscus, Santa Ana's flower
In quiet elegance it blooms
In parks and yards and city rooms,
Content within itself to be
Our badge of beauty, graciously
Reminding us, in strain and stress
There is a need for loveliness.
